

Saving money on health insurance

is as easy as being a part of the community.

The insurance your health deserves.

PHP & Your Local Chamber

Teaming up to help you save money on

As a small business owner, you want to do right by your employees. Especially when it comes to healthcare coverage. But it can be a challenge to say the least. On one hand, it's a big expense that grows bigger every year. On the other, you feel a responsibility to provide good coverage. Fortunately there's a local, affordable solution – Health Matters.

Health Matters is a joint effort between PHP and your local Chamber of Commerce to offer a discount of up to 5% on your employee health insurance. Up to 5%. When you crunch the numbers you'll find that's pretty significant. In fact, in most cases your savings will far exceed the annual cost of your Chamber membership. We know you want to do the right thing. PHP and your Chamber are here to help you do it.

How Does It Work?

Joining the Health Matter's program couldn't be simpler. If you're an area business with between 2 and 50 employees who qualify for health insurance coverage, you're eligible for the Health Matters discount. Simply join your local Chamber, if you're not already a member, then contact PHP or your local insurance broker and let us help you choose the right plan for your business. Once you pick a plan we'll discount it by up to 5%. There's really nothing more to it than that.

Why PHP?

A discount is only worth something if you're getting it on a quality product. Fortunately, there are other reasons to get your insurance through PHP beyond your Chamber discount. PHP is physician-founded, which means we've been care-focused since Day 1. We're also a not-for-profit entity, so we don't put financial decisions above health decisions. We do this because we care about people, not stockholders.

We will take the time to get to know you and your business in great detail, then we'll recommend the plan that's exactly right for you. Once that plan is in place you'll find out why PHP has built its reputation on the most attentive customer service in the industry.

your employee health insurance.

Local Matters

PHP is a local company, which means critical decisions are made by people right here in northern Indiana, not in some large, coastal, disconnected city. And if you're thinking, local is all well and good, but my employees want choices, we've got good news for you. Health Matters gives your employees and their families access to more doctors and hospitals right here in northern Indiana.

Chamber Benefits

Of course, there are many benefits to being a local Chamber member beyond your PHP discount. Your Chamber provides a great forum for networking as well as educational opportunities. Being a member of your local Chamber also allows you to play a vital role in your community's economic development, which, in turn, provides a solid foundation upon which your business can grow.

**Local.
Physician-founded.
Not-for-profit.**

Contact Us

We've expanded the Health Matters discount program from a maximum of 26 total employees to a maximum of 50 employees eligible for coverage. So even if you didn't qualify before, you may now.
