

# HEALTHCHOICE CERTIFICATE OF COVERAGE

(Herein called this Certificate)

issued by

An Indiana Not-for-Profit Health Maintenance Organization  
**Physicians Health Plan of Northern Indiana, Inc.**  
8101 West Jefferson Boulevard  
Fort Wayne, Indiana 46804

Physicians Health Plan of Northern Indiana, Inc. (herein referred to as PHP, We, the Plan, Us and Our) has issued a HealthChoice Group Contract to the Enrolling Group (herein called the Group Contract). Persons Covered under the Group Contract are considered to be Members of PHP.

This Certificate sets forth in detail Your rights and obligations as a Member of PHP under the Group Contract. It is important that You **READ THIS CERTIFICATE CAREFULLY**. You should familiarize Yourself with its terms and conditions before receiving Health Services.

The Group Contract may require that You contribute to the Premium. You may obtain information regarding the Premium and any portion that You must pay from the Enrolling Group.

The Group Contract is made in consideration of the Enrolling Group's application and payment of the required Contract Charges. PHP shall fund all benefits payable under the Group Contract. The Group Contract shall take effect on the date specified in the Appendix.

The Group Contract will be continued in force by the payment of the required Contract Charges when due, subject to the termination provisions of the Group Contract.

Please be advised that no Premium Tax Credits (as defined by the Patient Protection and Affordable Care Act) are available for this Group Contract.

The Group Contract is delivered in and governed by the laws of the State of Indiana. All Coverage under the Group Contract shall begin at 12:00 midnight and end at 11:59:59 p.m. Eastern Standard Time.

**Introduction**

We certify that You will be Covered as provided by the terms of the Group Contract as may be amended from time to time. The Group Contract and all Amendments are referred to as the Group Contract.

Possession of this Certificate does not necessarily mean that You are Covered. You are Covered only if You meet the requirements set out in the Group Contract.

Coverage is subject to the terms, conditions, exclusions, and limitations of the Group Contract. This Certificate describes the provisions of the Group Contract but is not the entire Group Contract.

In the event of any conflict between the Group Contract and this Certificate, the Group Contract shall govern. You may examine the Group Contract at the office of the Enrolling Group during its regular business hours.

This Certificate replaces and supersedes any Certificate which We may have previously issued to You. We may amend this Certificate from time to time and will provide You with a new Certificate or an Amendment to the Certificate. You should keep this Certificate and all Amendments to it.

**How To Use This Certificate**

This Certificate, including any Amendments, must be read in its entirety for a clear meaning. Many of its provisions are interrelated. You may get a false impression if You read just one or two provisions.

Many words used in this Certificate have special meanings. These words will appear capitalized and are defined. Refer to these definitions for a clear understanding of this Certificate.

The Group Contract may be amended from time to time. When that happens, We will send You a new Certificate or Amendment pages for this Certificate. Keep this Certificate in a safe place for Your future reference.

**Obtaining Health Services Through PHP**

The Contract provides You with Point of Service Coverage. Point-of-Service Coverage allows You to choose between receiving Health Services at In-Network or Out-of-Network Benefit levels of Coverage. If You wish to receive Coverage at the In-Network Benefit level, even if You reside outside the Service Area, You must use Participating (Par) Providers. The only exceptions are:

- A. Emergency Health Services; and
- B. Referral Health Services.

If You otherwise obtain Health Services from non-Par Providers, You will receive Coverage at the Out-of-Network Benefit level, if it is available for a particular Health Service. Refer to the Schedule of Benefits for specific benefit information.

When You use non-Par Providers, You usually pay a greater share of the cost of the Health Services. In addition to Copays/Coinsurance and Deductibles, if applicable, You are responsible for all charges that exceed the Reasonable and Customary Charges for the Health Services received from a non-Par Provider, except for Emergency and Referral Health Services.

If You wish to receive In-Network Benefits, You are responsible for verifying the participation status of a Provider before receiving Health Services. If You fail to check a Provider's participation status as required and as a result use a non-Par Provider, the Health Services will be covered as Out-of-Network Benefits, if they are otherwise Covered by the Contract.

The participation status of a Provider may change from time to time. So it is important that You check the status each time before receiving Health Services. We will notify Our membership when a Par Provider terminates, including any Par Provider seen in the previous year.

You can verify a Provider's participation status by contacting Us. We can give You the information You need

in order to locate a Par Provider.

Except for Emergency Health Services, if You wish to receive In-Network Benefits for non-Par Provider's services, You are responsible for obtaining a written Referral before receiving such services. A Referral must be initiated in writing by a Par Doctor and approved in writing by Us prior to the time of the service. ***Your failure to obtain the required Referral will result in the Health Services being Covered as Out-of-Network Benefits, if they are otherwise Covered by the Contract.***

Coverage for some Health Services under In-Network Benefits is subject to Our prior written approval. Par Providers are responsible for obtaining Our Prior Authorization for such services on Your behalf. Coverage for some Health Services under Out-of-Network Benefits is also subject to Our prior written approval. You, not the non-Par Provider, are responsible for obtaining Our Prior Authorization for these services.

Par Providers will submit claims to Us on Your behalf, but You are responsible for submitting claims to Us for Health Services rendered by non-Par Providers. You must give Us all of the information We need to process such claims. If You do not provide this information, You or the Provider may not be paid.

#### **I.D. Card**

Information on Your I.D. card is needed for the Par Provider to bill Us. *You must show Your I.D. card every time You request Health Services.* If You do not show the card, Par Providers have no way of knowing that You are a Member.

When failure to show an I.D. card results in non-compliance with required procedures, Coverage may be denied.

#### **Administrative and Fiduciary Responsibilities**

PHP has sole and exclusive discretion to determine claims for benefits Covered under the Contract, including:

- A. making the initial claims decisions;
- B. resolving appeals of those decisions pursuant to Our Grievance procedures; and
- C. communicating those decisions to the affected Members.

We may, from time to time, delegate discretionary authority to other persons or entities providing services in regard to the Contract. To the extent the foregoing functions include fiduciary responsibilities under ERISA, if ERISA governs this Plan, PHP shall be the named fiduciary with respect to those functions.

We reserve the right, in Our sole discretion, to:

- A. change, modify, withdraw, or add benefits; and
- B. to terminate the Contract, subject to its termination provisions.

Prior approval by Members of such benefit changes is not required. However, upon timely notification from the Enrolling Group, We shall provide Members with notification of such benefit changes before they shall take effect.

The fact that We may have interpreted a provision of the Group Contract in a way that provides benefits shall not prevent Us from later interpreting the same provision in a way that does not provide benefits, subject to compliance with ERISA and other applicable law. This paragraph applies only where the interpretation of this policy is governed by ERISA, 29 U.S.C. 1001 *et seq.*

If the Group Contract is provided under an employee welfare benefit plan within the meaning of Section 3(1) of ERISA:

- A. PHP and the Enrolling Group acknowledge that the Enrolling Group shall be plan administrator of its group health plan within the meaning of ERISA, Section 3(16);
- B. the Enrolling Group shall have the responsibility to:
  - 1) communicate the terms and options of its group health plan to Members;
  - 2) furnish to Members summary plan descriptions, summary annual reports and such other disclosures as may be required by ERISA;
  - 3) submit required reports to the Internal Revenue Service and the U.S. Department of Labor; and

- 4) comply with ERISA and other applicable law, as amended from time to time.

The Enrolling Group is the named fiduciary with respect to the above functions to the extent they include fiduciary responsibilities under ERISA. Although PHP shall provide a Certificate, the Enrolling Group understands that the Certificate is intended to comply with Indiana state law requirements, and is not intended to satisfy all of the plan document and/or summary plan description requirements of ERISA, to the extent it applies, which is the responsibility of the Enrolling Group.

The Affordable Care Act requires employers and health insurers to timely distribute a "Summary of Benefits and Coverage" or "SBC" to participants and beneficiaries. If the SBC rules apply to this Contract, PHP will provide the Enrolling Group with SBCs for it to timely and properly distribute. The Enrolling Group agrees that it is solely responsible for the distribution of SBCs to its Members, Subscribers, Enrolled Dependents, Eligible Persons, including individuals covered under COBRA, or others required by Health Care Reform or other applicable law or regulation to receive SBCs. These individuals are the "Required Parties."

When there is a material modification of the Contract, PHP will provide the Enrolling Group with an updated SBC unless:

- A. the material modification does not affect the content of a SBC; or
- B. the material modification is already reflected in the most recent SBC.

The Enrolling Group will properly distribute the updated SBC to the Required Parties at least sixty (60) days before a material change can take place (unless it occurs in connection with the renewal of the Contract).

We may, in certain circumstances, Cover Health Services that would not otherwise be Covered. This is at Our sole discretion and shall be done for purposes of overall cost savings or efficiency. The fact that We do so in any one case shall not in any way be deemed to require Us to do so in similar cases.

We may, in Our sole discretion, arrange for other parties to provide administrative services in regard to the Contract such as claims processing and utilization review services. You must cooperate with those parties in the performance of their duties. These service providers and the nature of the services provided may change from time to time. This is at Our sole discretion. Prior notice to or approval by Members is not required.

The Contract is filed with the Indiana Department of Insurance. Therefore, You have certain rights under state law. Refer to the Grievances section of the Contract for more information about these rights. You may also have certain rights under ERISA, if applicable.

### **Statement of ERISA Rights**

This section applies to those Plans governed by ERISA. If the Contract was purchased by the Enrolling Group to provide benefits under a welfare plan governed by ERISA, You are entitled to certain rights and protections under ERISA as explained below. Please remember that the Enrolling Group is the plan administrator (unless it has delegated another person). All questions about whether this Plan is governed by ERISA should be directed to the Enrolling Group.

As a plan participant, ERISA provides that You are entitled to:

#### **Receive Information About Your Plan and Benefits**

- A. Examine, without charge, at the plan administrator's office and other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and, if applicable, collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- B. Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- C. Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report. There will be no charge for the

report.

**Continue Group Health Plan Coverage**

- A. Continue health care coverage for Yourself, spouse or Dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or Your Dependents may have to pay for such coverage. Review Your summary plan description and the documents governing the plan on the rules governing Your COBRA continuation coverage rights.
- B. You may be provided a certificate of creditable coverage, free of charge, from Your group health plan or health insurance issuer when You lose coverage under the plan, when You become entitled to elect COBRA continuation coverage, when Your COBRA continuation coverage ceases, if You request it before losing coverage, or if You request it up to 24 months after losing coverage. The Affordable Care Act prohibits health plans and policies from excluding claims solely due to a pre-existing condition.

**Prudent Actions by Plan Fiduciaries**

- A. In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate Your plan, called “fiduciaries” of the plan, have a duty to do so prudently and in the interest of You and other plan participants and beneficiaries. No one, including Your employer, Your union, or any other person, may fire You or otherwise discriminate against You in any way to prevent You from obtaining a benefit or exercising Your rights under ERISA.

**Enforce Your Rights**

- A. If Your claim for benefits under the benefit plan is denied or ignored, in whole or in part, You have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. Please refer to the Grievances section.
- B. Under ERISA, there are steps You can take to enforce the above rights. For instance, if You request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, You may file suit in a Federal court. In such a case, the court may require the plan administrator to provide the materials and pay You up to \$110 a day until You receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If You have a claim for benefits which is denied or ignored, in whole or in part, You may file suit in a state or Federal court. In addition, if You disagree with the plan’s decision or lack thereof concerning the qualified status of a medical child support order, You may file suit in Federal court. If it should happen that plan fiduciaries misuse the plan’s money, or if You are discriminated against for asserting Your rights, You may seek assistance from the U.S. Department of Labor, or You may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If You are successful the court may order the person You have sued to pay these costs and fees. If You lose, the court may order You to pay these costs and fees, for example, if it finds Your claim is frivolous.
- C. Group health plans and health insurance issuers, generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

**Assistance with Your Questions**

- A. If You have any questions about Your plan, You should contact the plan administrator. If You have any questions about this statement or about Your rights under ERISA, or if You need assistance in obtaining documents from the plan administrator, You should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in Your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.
- B. You may also obtain certain publications about Your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

**Notice of Benefits Under the Women's Health and Cancer Rights Act of 1998**

In accordance with the Women's Health and Cancer Rights Act of 1998, PHP must provide benefits to a Member for certain services relating to a mastectomy.

If a Member receives medical and surgical benefits in connection with a mastectomy and elects breast reconstruction, PHP will provide Coverage for eligible expenses incurred for the following services and supplies:

- A. all stages of reconstruction of the breast on which the mastectomy was performed;
- B. surgery and reconstruction of the other breast to produce a symmetrical appearance;
- C. prosthesis; and
- D. treatment of physical complications at all stages of the mastectomy, including lymphedemas.

Coverage:

- A. will be provided in a manner determined in consultation with the patient and the attending physician;
- B. is subject to the Copays, Coinsurance and any Deductibles that are applicable to similar benefits under the Contract; and
- C. will be provided regardless of whether the person was Covered under the Contract at the time of the mastectomy.

**Statement of HIPAA Rights**

This provision permits PHP to receive Protected Health Information in accordance with the requirements of the Health Insurance Portability and Accountability Act of 1996 and its implementing regulations.

**A. The Following Definitions Apply For Purposes Of This Provision:**

- 1) "Health Maintenance Organization" is defined as it is in 45 C.F.R. 160.103, or any successor thereto.
- 2) "Health Insurance Issuer" is defined as it is in 45 C.F.R. 160.103, or any successor thereof.

- 4) "Protected Health Information" is defined as it is in 45 C.F.R. 164.501, or any successor thereto.

**B. Plan Administrator's Certification Of Compliance**

Prior to receiving any Protected Health Information, the Plan Administrator will certify that this provision has been incorporated into the Plan documents and that the Plan Administrator agrees to abide by the provisions herein. Neither the Plan, a Health Care Maintenance Organization, nor a Health Insurance Issuer will disclose Protected Health Information to the Plan Administrator until the Plan Administrator has provided the certification, as required by HIPAA.

**C. Permitted Uses And Disclosures**

PHP, and if Section B is stratified, the Plan Administrator, may use or disclose Protected Health Information to carry out Plan administration functions consistent with the requirements of HIPAA. Any disclosure to and use by PHP of Protected Health Information will be subject to and consistent with the provisions herein. PHP may use and disclose Protected Health Information to the extent necessary to comply with its obligations under HIPAA.

**D. Responsibilities And Undertakings**

- 1) PHP will not use or further disclose Protected Health Information, except as permitted or required by the Plan documents, as amended, or as required by law.
- 2) PHP will ensure that any agent, including any subcontractor to whom it provides Protected Health Information, agree to the same conditions and restrictions that apply to PHP.
- 3) PHP will not use or disclose Protected Health Information for employment-related actions or decisions or in connection with any other benefit or Employee benefit plan of the Plan Administrator or PHP.
- 4) PHP will report to the Plan any use or disclosure to Protected Health Information that is inconsistent with the uses and disclosures allowed under this provision promptly upon learning of the inconsistent use or disclosure.
- 5) PHP will make Protected Health Information available to the individual who is the subject of the

information in accordance with 45 Code of Federal Regulations 164.524.

- 6) PHP will make an individual's Protected Health Information available for amendment, and will incorporate any amendments to the individual's Protected Health Information, in accordance with 45 Code of Federal Regulations 164.526.
- 7) PHP will keep track of disclosures it may make of Protected Health Information so that it can make available the information required for the Group Health Plan to provide an accounting of disclosure in accordance with 45 Code of Federal Regulations 164.528.
- 8) PHP will make its internal practices, books, and records, relating to its use and disclosure of Protected Health Information received from the Plan available to the Secretary of the U.S. Department of Health and Human Services to determine the Plan's compliance with 45 Code of Federal Regulations Parts 160-64.
- 9) If feasible, PHP will return or destroy all Protected Health Information, in any form, received from the Plan, and PHP will not retain copies of the information after the information is no longer needed for the purpose for which the disclosure was made. If returning or destroying the information is not feasible, PHP will limit the use or disclosure of the information to those purposes that make the return or destruction infeasible.
- 10) PHP further agrees that if it creates, receives, maintains, or transmits any electronic protected health information, other than enrollment/disenrollment information and summary health information, it will comply with the HIPAA security regulations on behalf of the covered entity, and it will implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the electronic protected health information, and it will ensure that any agents, including subcontractors, to whom it provides such electronic protected health information, agree to implement reasonable and appropriate security measures to protect the information. PHP will report to the Plan any security incident of which it becomes aware.
- 11) PHP will report any reportable breach to the affected individual, HHS and, if applicable, the media.
- 12) PHP will not use genetic information for underwriting.
- 13) PHP will not use Protected Health Information for marketing or fundraising, nor will it sell Protected Health Information.

## **E. Adequate Separation Between The Plan Sponsor And The Group Health Plan**

PHP generally does not provide Protected Health Information to the Plan Administrator. If the Plan Administrator complies with HIPAA, including the provisions below, PHP may disclose Protected Health Information to Plan Administrator. PHP will comply with sections 2) through 5) below.

- 1) The Plan Administrator shall insure that the adequate separation between the group health plan and the Plan Administrator is established.
- 2) All Employees, classes of Employees, or other workforce members as designated by the terms of the plan document, who have access to Protected Health Information, have been trained to appropriately handle Protected Health Information in accordance with the HIPAA privacy rules.
- 3) The Employees, classes of Employees or other workforce members identified in the plan document will have access to Protected Health Information only to perform the Plan's administration functions that the Plan Sponsor provides for the Plan.
- 4) The Employees, classes of Employees or other workforce members identified in the plan document will be subject to disciplinary action and sanctions, including termination of employment or affiliation with the Plan Administrator for any use or disclosure of Protected Health Information that violates the provisions herein. The Plan Administrator will promptly report any violation to the Plan, as required by this provision. The Plan Administrator will also cooperate with the Plan to correct the violation, to impose appropriate disciplinary action or sanctions on each Employee or other workforce member causing the violation, and to mitigate any deleterious effect of the violation on the individual whose privacy rights may have been compromised by the violation.
- 5) The Plan Administrator will ensure that the provisions of this section are supported by reasonable and appropriate security measures to the extent that the designees have access to electronic protected health information.

**RESERVED FOR  
SCHEDULE OF BENEFITS**

Refer to the Schedule of Benefits for specific benefit information.

### **Medical Services in a Doctor's Office**

We will Cover Health Services provided in a Doctor's office. Such services must be ordered by and provided by or under the direction of a Doctor. A Deductible or an additional Copay or Coinsurance may apply for certain diagnostic, lab or x-ray services as set forth in the Contract.

### **Diagnostic Services**

When specific symptoms exist, We will Cover routine diagnostic services performed to diagnose a medical condition, as ordered by a Doctor. Such services must be performed by a Doctor.

- A. Routine radiology services, such as but not limited to: chest x-ray or MRI.
- B. Routine lab services, such as but not limited to: pregnancy test; blood test; or urine test.

### **Preventive Care**

PHP covers a comprehensive range of preventive care services, including the preventive services required by the Affordable Care Act. To be considered "preventive care," You must not have symptoms or a history of the health problem, which is the subject of the office or outpatient visit. There are no cost-sharing (Copay, Coinsurance or Deductible) requirements associated with preventive care if You visit a Participating Provider. If You visit a non-Par Provider for preventive care services and if this Contract covers out-of-network services, then You shall pay the normal cost-sharing as shown on Your Schedule of Benefits. If this Contract does not cover out-of-network services, then preventive care services received from a non-Par Provider will not be Covered.

If You have current symptoms or a history of a health problem, which is the subject of the office or outpatient visit, you must pay the cost-sharing amount shown on Your Schedule of Benefits. Similarly, if the primary purpose of the office or outpatient visit is for reasons other than preventive care, You must pay the cost sharing amount shown on Your Schedule of Benefits even if You received Covered preventive services during the visit. Services received outside of an office or outpatient setting are not preventive care services.

Covered preventive care services include:

- A. Services with an "A" or "B" rating as described in the United States Preventive Services Task Force ("USPSTF") recommendations;
- B. Immunizations as described in the Advisory Committee on Immunization Practices ("ACIP") of the Centers for Disease Control and Prevention;
- C. Services described in certain guidelines for infants, children, adolescents and women supported by the Health Resource and Services Administration ("HRSA"); and
- D. Services described in the Women's Preventive Services Guidelines of the HRSA.

PHP will Cover, in addition to the Federal requirements above, the following services as preventive care based on Indiana law:

- A. Routine mammography screenings and any additional mammography views that are required for proper evaluation. Ultrasound services, if determined Medically Necessary by the treating Provider, are also Covered;
- B. Routine prostate specific antigen tests; and
- C. Routine colorectal cancer examinations and related laboratory tests, but for those Members under the age of 50, only if they provide Us with appropriate written documentation demonstrating they are at high risk for colorectal cancer according to the most recent published guidelines of the American Cancer Society.

To the extent treatments or services are not determined to be preventive care, the treatments or services may be Covered under other terms of this Contract. Please note that PHP shall administer these preventive care benefits consistently with Federal and/or State regulations. Certain conditions and/or standards must be met for PHP to consider such services "preventive" with no applicable cost-sharing requirements by You. Services that exceed the applicable preventive care thresholds shall be subject to normal cost-sharing. For example, if You are eligible to receive an annual preventive care recommended colorectal cancer screening, but receive

two such screenings in a calendar year, the first screening will be reimbursed as preventive care with no cost-sharing requirements required by You. You must pay the normal cost-sharing as shown on Your Schedule of Benefits for the second screening.

If You have questions about benefits that are Covered under this Preventive Care section, You may contact PHP's Customer Service department: (260) 432-6690, Extension 11; (800) 982-6257, Extension 11; (260) 459-2600 for the hearing impaired; (260) 432-0493 (fax); [custsvc@phpni.com](mailto:custsvc@phpni.com) (email); or [www.phpni.com](http://www.phpni.com). Prescription Drugs must be Medically Necessary and, when required by Us, Prior Authorized in advance. Refer to the Schedule of Benefits for specific benefit information.

Prescriptions filled at non-Par Pharmacies or through non-Par Mail Order Drug Providers are not Covered, except in the event of an Emergency as specified in the Group Contract. Under this exception, Your Copays/Coinsurance, supply units, etc. are the same as the applicable Par requirements set forth in the Schedule of Benefits.

When Prior Authorization is required for Coverage of certain Prescription Drugs, it should be initiated by the Prescriber, Par Pharmacy or Specialty Pharmacy. If Prior Authorization is not received, the Member may submit a claim accompanied by supporting documents to PHP for Coverage consideration.

**Member Responsibility**

- A. any applicable Copay/Coinsurance or Deductible or, if less than any Copay/Coinsurance or Deductible, the Provider's Reasonable and Customary Charge;
- B. Additional Charge (if any);
- C. 100% of the cost of a Prescription Drug when Step Therapy is not followed, unless You or Your Doctor have requested, and PHP has granted, a Step Therapy exception (see the section "Step Therapy Protocol Exception");
- D. 100% of the cost of drugs or supplies not Covered;
- E. 100% of the cost of that portion of a Prescription Drug that exceeds the Group Contract's dispensing limits; and
- F. 100% of the cost of Covered Prescription Drugs when You fail to show Your I.D. card.

When the Outpatient Prescription Drugs benefit has an applicable Copay, We use a five-tier system that takes into consideration a number of factors, including the usage, cost and clinical effectiveness of Prescription Drugs. We recommend that You check the Schedule of Benefits, which will identify the applicable Deductible, Copay and/or Coinsurance whether or not the tier system applies to Your benefit.

Tier 1 (preferred Generic Drugs) – this tier typically has the lowest Copays and/or the lowest Coinsurance. It includes some Generic Drugs and may include other low cost drugs.

Tier 2 (non-preferred Generic Drugs) – this tier typically has Copays and/or Coinsurance that are higher than Tier 1, but lower than all other tiers. It includes some Generic Drugs and may include other low-cost drugs.

Tier 3 (preferred Brand Drugs) – this tier typically has Copays and/or Coinsurance higher than those in Tier 1 or Tier 2. This tier includes some Brand Name Drugs and other high-cost drugs, but may also include Generic Drugs.

Tier 4 (non-preferred Brand Drugs) – this tier typically has Deductibles and then Copays and/or Coinsurance higher than all other tiers except for Tier 5. It includes some Brand Name Drugs and other high-cost drugs, but may also include Generic Drugs.

Tier 5 (Specialty Drugs) – this tier does not have Copays, but typically has the highest Coinsurance and includes Specialty Drugs, high-cost drugs and may also include generic drugs. Prescription Drugs in this tier are limited up to a 30-day supply, except when a manufacturer's packaging further limits the supply.

Your share of the cost of Prescription Drugs may vary depending on the tier the Prescription Drug is in when Your Prescription is filled. The higher the tier, the more You will typically have to pay for a Prescription Drug. Please refer to the Schedule of Benefits for applicable cost sharing. The use of Generic Drugs/Prescription Drugs/Specialty Drugs to describe the tiers is for educational purposes. Such use does not guarantee where We place drugs amongst the tiers. During the course of the Plan Year, We may change the placement of a particular Prescription Drug among the tiers. This change may occur without prior notice to You. Because of such potential tier-status changes, the amount You may have to pay for a particular Prescription Drug may be lower or higher than what you may have previously paid for a particular Prescription Drug. If you have questions about the tier status of a Prescription Drug, We encourage You to contact our Customer Service department or to check Our website at [www.phpni.com](http://www.phpni.com).

Generic Drugs are typically the most affordable drugs. Depending on the applicable tier, Generic Drugs offer you more affordability than do Brand Name Drugs. Please note that not all strengths and formulations of Generic Drugs have the same tier status. Prescription Drugs will be dispensed as ordered by your Prescriber. You may ask for (or the Prescriber may order) a Brand Name Drug. However, if a Generic Drug is available, You will have to pay the difference in the cost between Brand Name Drug and the Generic Drug, plus the applicable Copay (see, Schedule of Benefits). Because Generic Drugs, by law, must meet the same regulatory standards for safety, strength and effectiveness, using Generic Drugs generally saves You money, yet provides the same quality.

Members are required under this Group Contract to pay the applicable cost sharing, which includes the Deductible, Copays or Coinsurance as shown on the Schedule of Benefits. The requirement to pay the applicable cost sharing (Deductible, Copays or Coinsurance) cannot be waived by a Provider, a Pharmacy or anyone else under any "fee forgiveness," "not out-of-pocket," "discount program," "coupon program" or similar arrangement. If a Provider, a Pharmacy or anyone else waives the required cost sharing (Deductible, Copays, Coinsurance) for a particular claim, the claim shall be denied and the Member will be responsible for payment of the entire claim. The claim may be reconsidered if the Member provides satisfactory proof that he or she paid the applicable cost sharing (Deductible, Copays or Coinsurance) required by this Group Contract.

If a Prescription includes more than one Covered Prescription Drug, a separate Copay or Coinsurance will apply to each Prescription Drug.

### Step Therapy Protocol Exception

If you or your Doctor want to request an exception for a Prescription Drug not recommended according to the Step Therapy Protocol, you or your Doctor can contact us by calling Customer Service and We will provide you with a copy of the form for requesting a protocol exception.

- A. In an urgent care situation, one (1) business day after receiving the request or appeal; or
- B. In a non-urgent care situation, three (3) business days after receiving the request or appeal.

We will approve the protocol exception request in any of these situations:

- A. Your preceding Prescription Drug is contraindicated or will likely cause an adverse reaction or physical or mental harm to you. Here, a preceding Prescription Drug is the prescription drug that

must first be used and found to be inappropriate to treat Your condition in order for PHP to Cover a subsequent treatment with a different prescription drug.

- B. Your preceding Prescription Drug is expected to be ineffective, based on both of the following:
  - 1) Your known clinical characteristics; and
  - 2) The known characteristics of the preceding Prescription Drug, as found in sound clinical evidence.
- C. You have previously received either (1) a preceding Prescription Drug or (2) another Prescription Drug that is in the same pharmacologic class or has the same mechanism of action as the preceding Prescription Drug, and that Prescription Drug was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event.
- D. Based on clinical appropriateness, a preceding Prescription Drug is not in your best interest because your use of the preceding Prescription Drug is expected to:
  - 1) Cause a significant barrier to your adherence to or compliance with your plan of care;
  - 2) Worsen your comorbid condition; or
  - 3) Decrease your ability to achieve or maintain reasonable functional ability in performing daily activities.

We may request a copy of relevant documentation from your medical record in support of the protocol exception.

We will notify you and your Doctor if a protocol exception is approved.

If we deny your protocol exception request or your appeal of a denied protocol exception request, we will notify you and your Doctor of the denial and include a detailed, written explanation of the reason for the denial, and the clinical rationale that supports the denial.

As used in this section:

“Protocol exception” means our determination that, based on a review of a request for the determination and any supporting documentation: (1) a step therapy protocol is not medically appropriate for treatment of your particular condition; and (2) We will (A) not require your use of a preceding prescription drug under the step therapy protocol; and (B) provide immediate coverage for another prescription drug that is prescribed for you.

“Step therapy protocol” means a protocol that specifies, as a condition of coverage under this Plan, the order in which certain prescription drugs must be used to treat your condition.

## General Enrollment Conditions

The Enrolling Group is **solely** responsible for determining eligibility for enrollment, Coverage classification changes and termination of eligibility for Coverage. However, PHP reserves the right to verify and investigate such matters.

Eligible Persons may enroll themselves and their eligible Dependents in PHP during an Open Enrollment Period as indicated in the Enrolling Group's application. No evidence of insurability is required. We will not deny Your enrollment for health reasons. We will not place any limitations on Your eligibility or continued eligibility due to a health factor.

With regard to eligibility, We shall not:

- A. request, require, inquire or purchase the results of Your Genetic Screening or Testing;
- B. request or require You to submit to Genetic Screening or Testing;
- C. use the results of Genetic Screening or Testing to determine eligibility for enrollment, Premium or contribution amounts; or
- D. make an adverse decision against You based on the results of Your Genetic Screening or Testing.

Except as set forth in this section, Eligible Persons and/or their Dependents may not enroll without Our written approval. Subscribers must apply on an Enrollment Form We have approved.

If the Enrolling Group is an "applicable large employer," as defined by the Affordable Care Act, the following provisions shall apply for purposes of determining full-time employees:

### *New Hires*

- *Regular Full-time Employees* means employees designated by the Enrolling Group as *Regular Full-time Employees*. Coverage for *Regular Full-time Employees*, if properly elected, will be effective as of the date set forth in the Group Contract, but in no event later than the 91<sup>st</sup> day of Full-time Employment.
- *Seasonal, Variable hour or Part-time Employee* means employees, including but not limited to variable hour, part-time or seasonal employees ("Qualifying Employee"), who are not Regular Full-time Employees because, in good faith, the Enrolling Group cannot determine such Employees will average 30 hours of service per week over the employee's applicable Initial Measurement Period, and do meet or exceed 30 hours per week during the Initial or Standard Measurement Period (and are not otherwise excluded). Coverage for a Qualifying Employee, if properly elected, will be effective on the first day of the Qualifying Employee's New Employee Stability Period. A Qualifying Employee will remain eligible throughout the Stability Period to the extent that the employee remains employed, subject to the Plan's Break in Service rules.

If there is a gap between the end of the Qualifying Employee's New Employee Stability Period and the start of the Qualifying Employee's first Ongoing Employee Stability Period (see below), the Qualifying Employee will remain eligible under the Plan until the day preceding the start of the Ongoing Employee Stability Period to the extent the employee remains employed, subject to the Plan's Break in Service rules.

If a Qualifying Employee transfers to a Regular Full-time Employee position prior to the start of the Qualifying Part-time Employee's New Employee Stability Period, the employee will become eligible for coverage. If elected, coverage for such new Regular Full-time Employee will become effective following the later of the end of the waiting period set forth above (treating all service as if a Full-time Employee) or the 1<sup>st</sup> of the month following the date such individual is designated a Full-time Employee.

### *"Ongoing" Employees*

Once an employee has completed the Enrolling Group's Standard Measurement Period, eligibility will be based solely on the employee's Hours of Service during the Standard Measurement Period. Any employee who averages 30 Hours of Service per week during the Enrolling Group's Standard Measurement Period

("Ongoing Employees") will be eligible for coverage under the Plan during the Plan's next Ongoing Employee Stability Period to the extent that the Ongoing Employee remains employed, subject to the Enrolling Group's Break in Service rules. Such coverage, if elected, will be effective on the first day of the Enrolling Group's Ongoing Employee Stability Period.

Whether an employee averages 30 Hours of Service per week will be determined in accordance with policies and procedures adopted by the Plan Administrator.

**Measurement/Administrative/Stability Periods:** Except as otherwise established by the Enrolling Group in writing and approved in advance by PHP:

- Newly Hired Qualifying Employees – Twelve (12) month measurement period beginning on the first day of the month coincident with or following the date of hire, followed by a thirty (30) day administrative period and a twelve (12) month stability period.
- Ongoing Employees – Twelve (12) month measurement period ending at the end of the month at least sixty (60) days prior to the first day of the following plan year, followed by a sixty (60) day administrative period, and a plan year stability period; or

If a part-time, variable hour or seasonal employee averages at least 30 hours during the measurement period, then the employee may enroll for the following stability period regardless of hours.

**Hour of Service:** An "hour of service" is an hour for which the employee is a common law employee of the Enrolling Group or a related employer and the employee is:

- A. For hourly employees, each hour:
  - 1) paid or entitled to pay for performance of duties for the Enrolling Group or a related Enrolling Group; or
  - 2) paid or entitled to pay for any period during which the employee does not perform any duties due to vacation, holiday, illness, incapacity (including short-term disability), layoff, jury duty, military duty or a company-approved leave of absence.
- B. If the employee is not paid hourly, the employee will receive credit for 8 hours of service for each day on which he/she performs duties for the Enrolling Group or a related Enrolling Group, or paid or entitled to pay for any period during which the employee does not perform any duties due to vacation, holiday, illness, incapacity (including short-term disability), layoff, jury duty, military duty or a company-approved leave of absence.
- C. No service will be credited for an hour of service during any period in which:
  - 1) the employee is not a common law employee of the Enrolling Group or a related Enrolling Group;
  - or
  - 2) the employee is an independent contractor or leased employee.

**Leave:** For eligibility purposes during a measurement period, while an employee is on a paid or unpaid company-approved leave for USERRA, FMLA and jury duty, his/her average hours worked during the portion of the measurement period when he/she was not on leave will be credited for each full week of the leave (or prorated for each partial week of leave) for the purpose of determining whether he/she is an eligible part-time employee under the Plan.

**Breaks in service exceeding 13 weeks:** If the employee terminates employment with the Enrolling Group or a related Enrolling Group, does not perform any services for at least 13 consecutive weeks and then resumes employment with the Enrolling Group or a related Enrolling Group, the employee will be considered a new employee. In that case, the Enrolling Group will determine whether the employee is an eligible employee based on the circumstances at the time of rehire. If the Enrolling Group determines that the employee is not an eligible full time employee when employment resumes, a new initial measurement period will apply and the employee will become an eligible part-time employee only if he/she works an average of 30 hours per week during the new initial measurement period or any standard measurement period that begins after employment recommences. If the Enrolling Group is an educational institution, 13 weeks shall be replaced with 26 weeks.

**Breaks in service of less than 13 weeks:** If an employee resumes employment with the Enrolling Group or a related Enrolling Group within 13 weeks after the date the employee was last credited with an hour of service, and he/she was an eligible employee during the most recent measurement period prior to termination of employment, the employee will remain eligible and may re-enroll in the Plan with the same level of coverage (or less) on the date employment resumes. If the employee had not completed the initial measurement period prior to terminating employment, the initial measurement period will resume. Employee shall be credited with zero hours for period of separation. If the Plan Sponsor is an educational institution, 13 weeks shall be replaced with 26 weeks.

**Corrective Action:** If, at any time, the Plan administrator determines that an employee became an eligible part-time employee during the previous applicable measurement period, but was not offered an opportunity to enroll, it may, but need not, deem the employee and dependent children to have elected coverage as of the date coverage should have started. Once it determines the employee was an eligible employee and decides to offer retroactive coverage, it will notify the employee of eligibility and offer an opportunity to enroll and any dependents as of the date the employee first became eligible. In that case, the employee will have an opportunity to submit any covered medical expenses for reimbursement subject to the terms of the Plan, and the Plan will waive any premiums for the period of coverage prior to the date the employee is notified of eligibility to enroll.

This document is primarily intended to identify "full time" employees for ACA reporting purposes. Although an Enrolling Group may use the above to determine eligibility, the Group Contract sets forth eligibility requirements and exclusions, and controls in the event of a conflict.

**Interpretation/Administration:** The foregoing provisions shall be interpreted and administered in accordance with the Affordable Care Act. The Enrolling Group may adopt procedures to further administer eligibility provisions.

### New Eligible Person Enrollment

Coverage for a new Eligible Person shall take effect on the date of eligibility if:

### New Dependent Enrollment

Enrolled Dependent Coverage for a Subscriber's newborn child is automatically provided from the moment of birth up to 31 days. Enrolled Dependent Coverage for a child obtained through Adoption or placement for Adoption by the Subscriber is automatically provided on the date of Adoption or placement for Adoption, whichever is earlier. After 31 days from birth, Adoption or placement for Adoption, Coverage for these children as an Enrolled Dependent will end unless:

- B. the Enrolling Group forwards the change form to PHP within 60 days; and
- C. the Subscriber pays any necessary Premium.

Enrolled Dependent Coverage for a child placed for Adoption ends on the date the child is removed from placement if placement is disrupted prior to legal Adoption.

Automatic coverage for newborn, Adoption or placement for Adoption is provided without regard to the eligibility or enrollment requirements of this section for the initial 31 days. Enrolled Dependent Coverage for a new Dependent obtained through legal acquisition (guardianship and/or custody) is effective on the date of the event if:

- A. the Subscriber completes a change form to enroll the new Dependent within 31 days (or any such longer period permitted by the Enrolling Group up to a maximum of 60 days) after the legal acquisition;
- B. the Enrolling Group forwards the change form to PHP within 60 days; and
- C. the Subscriber pays any necessary Premium.

- B. An Eligible Person acquires a new Dependent through marriage or an Eligible Person and/or his or her Dependents were covered under another health plan or other Minimum Essential Coverage during an Open Enrollment Period but lost such coverage.

The Eligible Person and/or his or her Dependents may enroll following the acquisition of a new Dependent through marriage or the loss of coverage, if:

- 1) the Enrolling Group is notified within 30 days of the applicable event; and
- 2) in the case of loss of coverage, such loss was due to:
  - (a) losing eligibility as a result of:
    - (1) termination of employment;
    - (2) a reduction in the number of work hours;
    - (3) a divorce or legal separation;
    - (4) a dependent that is no longer eligible;
    - (5) the death of an employee or spouse;
    - (6) no longer living or working in a previous plan's service area;
    - (7) meeting or exceeding a lifetime maximum on all benefits;
    - (8) benefits no longer being offered to a particular class of individuals;

  - (d) the involuntary termination of the health plan; or
  - (e) a change in status, if the Group Contract is purchased as a cafeteria plan subject to Section 125 of the Internal Revenue Code.

For Coverage to become effective, a completed Enrollment Form must be forwarded to PHP and any necessary Premium must be timely paid. In such cases, Coverage will, generally, be effective on the day of the marriage or loss of coverage. Loss of such other health plan coverage or Minimum Essential Coverage does not include termination or loss due to the failure to pay premiums, including COBRA premiums prior to the expiration of COBRA coverage, or circumstances permitting for rescission such as fraud or intentional misrepresentation of material fact.

- C. An Eligible Person and/or his or her Dependents may enroll if:

- 1) the child's custodial parent;
  - 2) the Office of Medicaid Policy and Planning; or

- 3) does not reside with the Subscriber; or

Coverage shall be effective on the date the order is determined to be a QMCSO. A completed Enrollment Form must be forwarded to PHP and any necessary Premium must be paid.

- 1) that the order is no longer in effect; or
  - 2) that the child is or will be enrolled in comparable health coverage that is to take effect not later than the date of disenrollment.
- E. An Eligible Person who is required to provide Coverage for a Dependent child because of a court order or administrative order may enroll the Dependent child under the Group Contract if:
- 1) the order is signed by the court;
  - 2) the Subscriber is already enrolled;
  - 3) the Subscriber completes a change form within 31 days (or any such longer period permitted by the Enrolling Group up to a maximum of 60 days) after the court order or administrative order is signed by the court;
  - 4) the Enrolling Group forwards the change form to PHP within 60 days after receipt; and
  - 5) the Eligible Person pays any necessary Premium.

Coverage shall become effective:

- 1) the date indicated in the order; or
- 2) the date the order is signed by the court, if the order does not specify an effective date.

Coverage shall end for the Dependent child on the earliest of:

- 1) the date the Subscriber's Coverage ends;
- 2) the date the order is no longer in effect; or
- 3) the date the Dependent child reaches the limiting age.

### Notification of Enrollment Changes

The Enrolling Group shall notify Us in writing within 60 days of the effective date of enrollments and terminations. The Enrolling Group shall notify Us in writing each month of any Coverage classification changes and qualifying events which would include, but is not limited to, any qualifying events for purposes of COBRA continuation Coverage.

### Spousal Coverage

If both spouses are Eligible Persons, each may enroll as a Subscriber and enroll the other spouse and any eligible Dependents for Coverage under the Group Contract. In this situation, the combined maximum benefits per Member may not exceed 100% of Eligible Expenses.

**Effective Date of Coverage**

Unless otherwise specified by this section, Coverage for an Eligible Person and his or her Enrolled Dependents, if any, is effective on the date specified by the Enrolling Group and PHP.

Enrollment is subject to PHP receiving a properly completed Enrollment Form. No Coverage shall be effective until the Group Contract takes effect. No Dependent shall be Covered until the Eligible Person is Covered.

**Service Area Requirements**

Members must live or work in the Service Area unless We approve other arrangements. If the Member meets the requirements by working in the Service Area, they may reside outside the Service Area, provided Covered Health Services are received from Participating Providers for In-Network Benefits, except for:

- A. Emergency Health Services; or
- B. Referral Health Services.

If a Member resides outside of the Service Area, he or she must obtain Health Services from In-Network Par Providers to be Covered at In-Network Benefits.

### Prior Authorization of Certain Health Services

In addition to meeting other requirements of the Group Contract, the following Health Services require PHP's Prior Authorization for both In-Network and Out-of-Network Benefits Coverage:

- A. radiology services, such as but not limited to PET scans, CT scans, MRI/MRA scans, nuclear cardiology, nuclear medicine and 3D imaging;
- B. inpatient Health Services (facility and professional charges);
- C. Home Health Care;
- D. Hospice Care;
- E. certain Durable Medical Equipment, prosthetics and orthotics;
- F. Transplant services (except corneal transplants);
- G. Outpatient services including sleep studies, out-of-network referrals, and behavioral health testing;
- H. certain surgical and reconstructive procedures;
- I. select Specialty Drugs – for a complete listing, please refer to Our website ([www.phpni.com](http://www.phpni.com));
- J. Temporomandibular or Craniomandibular Joint Disorder and Craniomandibular Jaw Disorder services;
- K. select outpatient surgical or medical procedures as determined by Us;
- L. services at a residential treatment center;
- M. Genetic Screening or Testing; and
- N. Referrals to non-Par Providers.

For these Health Services to be Covered, PHP must be notified as soon as possible, but no later than 5 working days before You receive such services. If Your need for these Health Services is due to an Emergency, PHP must be notified within 48 hours after these Health Services are initiated or as soon thereafter as is reasonably possible.

Once PHP receives the notice addressed above, We will start the Prior Authorization process by reviewing the proposed Health Services for their Medical Necessity. Following Our review, We will inform You in writing whether the services are authorized for Coverage. If You do not receive this Prior-Authorization letter from Us before You receive any of the above Health Services, it means that PHP may not cover such services.

In addition to Our initial Prior Authorization, We will conduct an ongoing, concurrent review of these Health Services. This means that We stay in touch with Your Provider throughout the course of Your treatment to review extensions of care for Your condition. We will review each extension on a case-by-case basis.

To avoid the risk of non-Coverage of the above Health Services, PHP must give its Prior Authorization before You receive such services. The list above is not the full list of Health Services that require Prior Authorization to be Covered by PHP. Our Customer Service Department can answer questions You may have about whether a particular Health Service requires Prior Authorization. You may also check Our website ([www.phpni.com](http://www.phpni.com)) for the full list of Health Services requiring Prior Authorization. To obtain Prior Authorization or additional information, contact Our Customer Service Department at: (260) 432-6690, ext. 11; (800) 982-6257, ext. 11; or (260) 459-2600 for hearing impaired.

A PHP Prior Authorization does not guarantee Coverage for the Health Service or procedure reviewed. Benefits of the Group Contract are determined in accordance with all of the terms; conditions; limitations; and exclusions.

### IN-NETWORK CONDITIONS

#### Health Services by Par Providers

Health Services rendered by Par Providers are Covered as In-Network Benefits if:

- A. ordered by a Par Doctor (including Health Services performed at Par facilities);
- B. provided by or under the direction of a Par Provider;
- C. Medically Necessary; and
- D. specified as Covered by the Group Contract.

**Verification of Participation Status**

You must check to see that the Provider is a Par Provider before receiving Health Services.

You must show the Provider Your PHP I.D. card before receiving Health Services. If You do not show Your card to a Provider, they have no way of knowing that You are a Member and have no way to bill Us.

If You do not identify Yourself to the Provider as a Member within one year from the date Health Services are incurred:

- A. a Provider may bill You for Your Health Services; and
- B. You shall be responsible for 100% of the cost of Your Health Services.

The Provider also needs to know that You are a Member in order to follow PHP procedures, such as a Prior Authorization. If failure to show Your I.D. card results in non-compliance with required PHP procedures and Coverage is denied, You shall be responsible for 100% of the cost of Your Health Services.

**Referral to Non-Par Providers**

The Eligible Expenses of non-Emergency Health Services provided by non-Par Providers will be Covered as In-Network Benefits if:

- A. the specific Health Services cannot be provided by or through Par Providers;
- B. the services are Medically Necessary;
- C. a Par Provider Referred You to the non-Par Provider;
- D. the Health Services are specified as Covered by the Group Contract; and
- E. the Health Services are rendered in the United States and its Territories.

You must satisfy all of the above requirements and PHP must approve the Referral, in advance, before receiving non-Emergency Health Services ordered or provided by a non-Par Provider if such services are to be Covered as In-Network Benefits. If You do not:

- A. the cost of such services will be Covered as Out-of-Network Benefits, if applicable; or
- B. You will be responsible for all costs of such services if such services are not Covered.

Additional Health Services not authorized in the original Referral require a new Referral.

**Emergency Health Services**

We will Cover Eligible Expenses for Emergency Health Services as an In-Network Benefit, whether rendered by Par or non-Par Providers. Such services must be:

- A. provided during the course of an Emergency;
- B. Medically Necessary for evaluating and treating an Emergency condition, up to the point of Stabilization; and
- C. provided by or under the direction of a Provider.

In-Network Benefits are paid for Emergency Health Services rendered by non-Par Providers only until Your condition is Stabilized, as determined by PHP. Once Stabilized, any additional Health Services You need must be provided by Par Providers in order to obtain In-Network Benefits for such services.

If We determine that the situation was not an Emergency, as defined by the Group Contract, including services provided outside of the United States and its Territories, such non-Emergency Services are not Covered.

**Inpatient Emergency Health Services by Non-Par Providers**

If You are Hospitalized in a non-Par facility due to an Emergency, You must notify Us within 48 hours after Emergency Health Services are initially provided (or as soon thereafter as is reasonably possible) to be Covered as an In-Network Benefit. You must make available full details of the Emergency Health Services received, at Our request.

To continue to be Covered as an In-Network Benefit, Your continued stay in a non-Par facility after Your condition is Stabilized and is no longer an Emergency requires:

- A. coordination by a Par Doctor; and
- B. Our prior written authorization.

We may elect to transfer You to a Par Hospital once it is medically appropriate to do so. If You choose to remain in the non-Par facility after We have notified You of Our intent to transfer You to a Par facility, further Health Services rendered by non-Par Providers are Covered as Out-of-Network Benefits.

### **Conditions for Coverage of Certain Health Services**

Certain Health Services are Covered only if such Health Services are:

- A. provided by or under the direction of a Par Doctor; and
- B. approved in writing in advance by PHP.

Other Health Services may be obtained only:

- A. through a facility or by a Provider We select; and
- B. in accordance with Our guidelines.

This applies even though there may be other Par Providers that provide the same or similar services. Such requirements are imposed for purposes of cost savings and efficiency.

You must identify Yourself as a Member before receiving Health Services so that the Par Provider can follow required Prior Authorization procedures. If PHP procedures are not followed as a result of Your failure to identify Yourself as a Member, benefits may be denied. Prior Authorizations are subject to the terms, limitations and exclusions set forth in the Group Contract.

### **Access to Health Services**

Additional information on access to Health Services can be obtained through:

- A. Our Par Provider Directory;
- B. Our Member newsletter; and
- C. Our Customer Service Department as follows:
  - (260) 432-6690, Extension 11;
  - (800) 982-6257, Extension 11;
  - (260) 459-2600 for the hearing impaired;
  - (260) 432-0493 (fax);
  - [custsvc@phpni.com](mailto:custsvc@phpni.com) (e-mail); or
  - [www.phpni.com](http://www.phpni.com).

## **OUT-OF-NETWORK CONDITIONS**

### **Health Services Obtained from Non-Par Providers**

Non-Emergency and non-Referral Health Services rendered by non-Par Providers are Covered as Out-of-Network Benefits if:

- A. ordered by a non-Par Doctor (including Health Services performed at non-Par facilities);
- B. provided by or under the direction of a non-Par Provider;
- C. Medically Necessary; and
- D. specified as Covered by the Group Contract.

Refer to the Schedule of Benefits for specific benefit information. Under Out-of-Network Benefits, if a portion of a Provider's charge exceeds the Reasonable and Customary Charge, that amount is not considered an Eligible Expense and is Your sole responsibility. You may contact Us for information about Reasonable and Customary Charges under Out-of-Network Benefits.

A copy of all medical bills should be submitted to PHP.

### **Notice of Pregnancy**

When You obtain Maternity Health Services under Out-of-Network Benefits, You should notify Us of Your

Pregnancy as soon as possible, but no later than one month before Your anticipated due date, so that We can:

- A. pre-authorize all Health Services for which this section requires such authorization; and
- B. provide, as needed, maternity-related assistance to You.

## Par Provider Services

Par Providers are responsible for submitting claims to Us on Your behalf for Health Services they render. We shall reimburse the Par Provider directly for Covered Health Services. The amount of the reimbursement shall be the lesser of the Par Provider's billed charge or the payment amount the Par Provider has agreed to accept as full reimbursement under Our contract with the Par Provider. Because Par Providers have agreed to accept such reimbursements as payments in full, they should not attempt to bill or collect from you any amounts that may exceed the lesser of Our Payment or the agreed-upon reimbursements. But, You may still have to make a payment to the extent You have not met the applicable deductible or You have a Copay or Coinsurance obligation.

You are responsible, as required by the Group Contract, for the Copays/Coinsurance; and/or Deductibles; and the cost of Health Services that are not Covered by this Group Contract.

You should contact the Provider if You are billed by a Par Provider for Eligible Expenses of Covered Health Services other than Copays/Coinsurance and/or Deductibles. Contact Us if the Provider continues to bill You for such services.

## Non-Par Provider Services

If We have not contracted with Providers or if we have contracted with Par-Providers with respect to other products but not this particular product, then such Providers are non-Par Providers. To the extent we will reimburse non-Par Providers, we will reimburse non-Par Providers based on a "Reasonable and Customary Charge," which is a fee for a Covered Health Service that is, in our discretion, one of the following:

- A. an amount based on a non-Par Provider Fee Schedule we created in Our discretion. We can modify, from time to time, this schedule if We consider it appropriate after considering one or more of the following: reimbursements similar to those We have with like Par Providers, reimbursements paid by the Centers for Medicare and Medicaid Services (CMS) for the same services and/or supplies, or other applicable industry cost, reimbursement or utilization data;
- B. any negotiated payment amount We have with a non-Par Provider, either through our own contract or that of a third-party vendor;
- C. an amount based on CMS' reimbursements, by level or method, for the same service or supplies;
- D. an amount based on information from a third-party vendor(s), which may take into account one or more of the following factors: the treatment's complexity or severity, the skill and experience level necessary for the treatment, or comparable providers' costs to deliver similar care; or
- E. if less than all of the above, the amount billed by the non-Par Provider.

If you go to a non-Par Provider to receive Health Services, the non-Par Provider may send you a bill and collect on any amount that may exceed what We paid (to the extent we made a payment at all). It is Your responsibility to pay these excess amounts, which can be significant. Choosing a Par Provider will likely result in cost savings and lower out-of-pocket costs to You. In limited situations, a Par Provider may refer or use the services of a non-Par Provider on Your behalf. This may happen, for example, when You go to a Par Hospital for a surgical procedure and the anesthesiologist selected to provide services to You is a non-Par Provider. When a Member takes reasonable steps to select Par Providers, but for reasons outside his/her control, have Medically Necessary services performed by non-Par Providers, then PHP may reimburse non-Par Providers a Reasonable and Customary Charge, unless such reimbursement would further fraud, waste and/or abuse. Because such reimbursement will be limited to a Reasonable and Customary Charge, it may not equal the total billed amount charged by the non-Par Provider. Members are responsible for the payment of any balance owed to the non-Par Provider. Our Customer Service Department is available to help you find a Par Provider and can be reached at any of the following:

- (260) 432-6690, Extension 11;
- (800) 982-6257, Extension 11;
- (260) 459-2600 (for the hearing impaired);
- (260) 432-0493 (fax);
- [custsvc@phpni.com](mailto:custsvc@phpni.com) (e-mail); or
- [www.phpni.com](http://www.phpni.com).

You are responsible for submitting claims to Us for all Health Services rendered by non-Par Providers. You

must submit such claims to Us within 90 days of the service. You must give Us all of the information We need to process such claims. If You do not provide this information, You may not be paid.

We will accept Your request after 90 days if it was not reasonably possible to submit it within that time. We will not make any payment if the request and proof of service is submitted to Us more than 12 months after the date of service. However, these limits will not apply while You lack legal capacity.

We will pay all Eligible Expenses for Covered Health Services to the Subscriber. With written authorization from the Subscriber, all or a portion of the Eligible Expenses due may be paid directly to the non-Par Provider.

You are responsible for the Copays/Coinsurance and/or Deductibles required by the Group Contract and for the cost of Health Services that are not Covered by the Group Contract.

### **Filing a Claim for Non-Par Provider Services**

Claims must be submitted in English. When a claim is not submitted in English, both the original claim and the claim translated in English must be submitted to PHP. Any cost associated with an English translation is Your responsibility. Submit Your claim to:

Physicians Health Plan of Northern Indiana, Inc.  
Claims Department  
PO Box 2359  
Fort Wayne, IN 46801-2359

Be sure Your claim includes the following information:

- A. Your name and address;
- B. patient's name; date of birth; and Member I.D. number (shown on Your identification card);
- C. name and address of the Provider of services;
- D. diagnosis from the Doctor;
- E. itemized bill which gives a CPT code, or description of each charge; and
- F. date the Injury or Sickness began.

*Note:* Some claims may require more information before being processed. Benefit payment can only be determined at the time the claim is submitted and all facts are presented in writing.

### **Incurred Charge Date**

Benefits under the Group Contract are based upon the benefits in effect on the date a charge is incurred. A charge is incurred on the date the Health Services are performed.

### **Coverage Through Non-Custodial Parent**

Whenever a child under the age of 18 is an Enrolled Dependent under the Contract through a non-custodial parent, We shall upon the custodial parent's written request:

- A. provide any information to the custodial parent that is necessary for the child to obtain benefits through the Group Contract;
- B. permit the custodial parent, or the Provider with the custodial parent's approval, to submit claims for Covered Health Services without the non-custodial parent's approval; and
- C. pay claims submitted by the custodial parent or the Provider in accordance with B. above, directly to the custodial parent, Provider, or Office of Medicaid Policy and Planning, as appropriate.

### **Medicaid**

The state Medicaid program is considered to have been assigned Your rights to payment for Health Services, if it has paid for such services. We cannot impose different requirements on a state Medicaid agency that has been assigned Your rights than those We would impose on any other agency or assignee of any other Member.

### **Payment of Claims**

PHP shall notify a Provider of any deficiencies in a submitted claim not more than:

- A. thirty (30) days for a claim that is filed electronically; or
- B. forty-five (45) days for a claim that is filed on paper;

and describe any remedy necessary to establish a Clean Claim. If PHP does not follow this procedure, then the submitted claim will be treated as a Clean Claim.

PHP shall pay or deny each Clean Claim not more than:

- A. thirty (30) days after We receive a Clean Claim if the Provider filed it electronically; or
- B. forty-five (45) days after We receive a Clean Claim if the Provider filed it on paper.

If the Group Contract is provided under an employee welfare benefit plan within the meaning of § 3(1) of ERISA, then PHP shall pay or deny each Clean Claim in accordance with § 503 of ERISA and its interpretive regulations.

### Coordination of Benefits Applicability

This Coordination of Benefits (COB) provision applies to This Plan. COB applies when You have health care coverage under more than one Coverage Plan. We shall not pay more for Allowable Expenses as a Secondary Plan than We would pay as a Primary Plan.

You agree to provide to Us all information relating to duplicate coverage for which there may be COB:

- A. in a timely manner; but
- B. no later than one year after the effective date of the other coverage.

If this COB provision applies, the order of benefit determination rules should be looked at first. Those rules determine whether the benefits of This Plan are determined before or after those of another Coverage Plan.

The benefits of This Plan shall not be reduced when, under the order of benefit determination rules, This Plan determines its benefits before another Coverage Plan. The benefits of This Plan may be reduced when, under those rules, another Coverage Plan determines its benefits first. This reduction is described below in COB Effect on the Benefits of This Plan.

### COB Order of Benefit Determination Rules

When there is a basis for a claim under This Plan and another Coverage Plan, This Plan is a Secondary Plan except if:

- A. the other Coverage Plan has rules coordinating its benefits with those of This Plan; and
- B. both those rules and This Plan's rules require that This Plan's benefits be determined before those of the other Coverage Plan.

This Plan's rules are as set forth below. The first of these rules which applies will determine This Plan's order of benefits.

- A. **Non-Dependent/Dependent.** The benefits of the Coverage Plan that covers a Member as a non-Dependent are determined before those of the Coverage Plan that covers the Member as a Dependent. A non-Dependent is: an employee; a Member; a Subscriber; or a retiree.

Except Title XVII of the Social Security Act and implementing regulations establishes a rule that Medicare is:

- 1) secondary to any plan covering a Member as a Dependent; and
- 2) primary to any plan covering a Member as other than a Dependent (e.g. a retired employee).

If a Member is also a Medicare beneficiary, then the benefits of the plan covering the person as a Dependent are determined before those of the plan covering that person as other than a Dependent.

- B. **Dependent Child/Parents Not Separated or Divorced.** Except as stated in part C. below: When This Plan and another Coverage Plan cover the same child as a Dependent of his or her parents, the birthday rule applies. That is, the benefits of the Coverage Plan of the parent whose birthday falls earlier in a year are determined before those of the Coverage Plan of the parent whose birthday falls later in that year.

The word birthday refers only to the month and day in a Calendar Year, not to the year in which the parent was born. If both parents have the same birthday, the Coverage Plan that has covered the parent longest is the Primary Plan.

Another Coverage Plan may have the gender rule instead of the birthday rule. The gender rule bases the benefit order upon the gender of the parents and may result in the Coverage Plans not agreeing upon the order of benefits. In that case, the rule in the other Coverage Plan will determine the order of benefits.

- C. **Dependent Child/Parents Separated or Divorced.** If two or more Coverage Plans cover a child as a Dependent of parents who are divorced or separated (whether or not they ever were married), benefits for the child are determined in this order:
  - (1st) the Coverage Plan of the custodial parent;
  - (2nd) the Coverage Plan of the spouse of the custodial parent;

- (3rd) the Coverage Plan of the noncustodial parent;
- (4th) the Coverage Plan of the spouse of the noncustodial parent.

However, if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, that parent's Coverage Plan is the Primary Plan.

If the parent with the court ordered responsibility has no health care coverage for the child's health care expenses, but that parent's spouse does, that parent's spouse's Coverage Plan is the Primary Plan. This does not apply, however, to benefits paid or provided before the entity that pays or provides the benefits of that Coverage Plan has actual knowledge of those terms.

However, the rules outlined above in B. under COB Order of Benefit Determination Rules shall apply if:

- 1) the specific terms of a court decree state that both parents are responsible for the health care expenses of the child;
- 2) the specific terms of a court decree state that the parents shall share joint custody but not state that one of the parents is responsible for the health care expenses of the child; or
- 3) a child is covered under more than one Coverage Plan by individuals who are not the parents of the child.

The order of benefits shall be determined as if the individuals were parents of the child.

- D. **Active/Inactive Employee.** The benefits of the Coverage Plan that covers a Subscriber as an employee who is neither laid off nor retired are determined before those of the Coverage Plan which covers that Subscriber as a laid off or retired employee. The same order applies to the Enrolled Dependents of such a person.

Coverage provided an individual as a retired worker and as a Dependent of an actively working spouse will be determined by the rules outlined above in Non-Dependent/Dependent.

If the other Coverage Plan does not have this provision, and if, as a result, the plans do not agree on the order of benefits, this part D. is ignored. This part D. does not apply if Non-Dependent/Dependent above can determine the order of benefits.

- E. **Continuation Coverage.** If a Member has coverage under a right of continuation pursuant to federal or state law and is also covered under another plan, then benefits of the Coverage Plan that covers that person as an employee, member, subscriber, or retiree shall be determined before the benefits under the continuation coverage. The same applies to the Enrolled Dependents of such a person. If the other Coverage Plan does not have this rule and as a result the plans do not agree on the order of benefits, this part E. is ignored. This part E. does not apply if Non-Dependent/Dependent above can determine the order of benefits.
- F. **Longer/Shorter Length of Coverage.** The benefits of the Coverage Plan which covered an employee, member, subscriber, or retiree for a longer period of time, are determined before those of the Coverage Plan that covered that person for the shorter period of time.

To determine the length of time a Member has been covered under a plan, apply the rules that follow.

- 1) Two plans shall be treated as one if the person is eligible under the second plan within 24 hours after the first plan ended.
- 2) The start of a new plan does not include:
  - (a) a change in the amount or scope of a plan's benefits;
  - (b) a change in the entity that pays, provides or administers the plan's benefits; or
  - (c) a change from one type of plan to another, such as from a single employer plan to that of a multiple employer plan.
- 3) The person's length of time covered under a plan is measured from the person's first date of coverage under that plan. If that date is not readily available, the date the person first became a member of the group shall be used to determine how long the person's coverage under the present plan has been in force.
- G. **Equal Share.** If the Coverage Plans cannot agree on the order of benefits within 30 calendar days after the plans have received all the information needed to pay the claims or if none of the above rules determines the order of benefits, the Coverage Plans shall immediately pay the claim in equal shares

and determine their relative liabilities following payment, except that no Coverage Plan shall be required to pay more than it would have paid had it been the Primary Plan.

The order of benefits stated above shall not apply when You are entitled to receive Health Services or benefits:

- A. under worker's compensation or similar law; or
- B. in a Hospital or facility owned or operated by any government agency.

In such case, the persons or agencies having the obligation to provide the Health Services or benefits in A. or B. here shall be the Primary Plan.

### **COB Effect on the Benefits of This Plan**

This section applies when, in accordance with COB Order of Benefit Determination Rules, This Plan is a Secondary Plan as to one or more other Coverage Plans. In that event, the benefits of This Plan may be reduced under this section.

In determining the amount to be paid in a Claim Determination Period by This Plan on a claim, This Plan shall calculate the benefits on the claim in the absence of the other Coverage Plans and apply that calculated amount to any Allowable Expense under This Plan that is unpaid by the other Coverage Plans.

This Plan:

- A. may reduce its payment by the amount so that, when combined with the amount paid by the other Coverage Plans, the total benefits paid or provided by all plans for the claim do not exceed 100% of the total Allowable Expense for that claim; and
- B. shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of the other Coverage Plan.

### **Right to Receive and Release Needed Information Under COB**

Certain facts about health care coverage and services are needed to apply these COB rules. We have the right to decide which facts We need. We may obtain needed facts from, or give them to, any other organization or person. We need not tell, or get the consent of, any person to do this. Each Member claiming benefits under This Plan must give Us any facts We need to apply these COB rules and determine benefits payable. Each Member must notify Us of other coverage within one year of obtaining or having the other coverage. Other rules regarding submission, (e.g., COB letter of inquiry) may apply and may affect a Member's ability to have his/her claims paid, adjusted or denied.

PHP may send You letters of inquiry about other insurance coverage. You must respond to these letters or similar correspondence from PHP within six months of the date of the letter or correspondence. Claims may be denied until sufficient information is received to determine the existence of other coverage and whether this COB provision applies. If We determine that PHP is the Primary Plan, PHP may adjust claims that were previously denied within six months prior to Our determination. But, if PHP determines it is the Secondary Plan, claims will be adjusted for consideration consistent with the contract(s) PHP may have with its Provider(s).

If COB causes a delay in the receipt of an explanation of benefits (EOB), letter of denial or similar correspondence from the primary carrier, the Provider will have six months from the date of the primary carrier's EOB, letter or other correspondence to submit the claim to PHP, but not later than two years of the applicable date of service(s).

### **Payments Made Under COB**

A payment made under another Coverage Plan may include an amount that should have been paid under This Plan. If it does, We may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again.

The term payment made includes providing benefits in the form of services. In that case, payment made means the reasonable cash value of the benefits provided in the form of services.

### Right of Recovery Under COB

If We paid more than We should have paid under this COB provision, We may recover the excess payments. Such payments include the reasonable cash value of any benefits provided in the form of services.

### Our Rights to Reimbursement, Recovery, and Subrogation

Benefits are not payable for Injury(ies) or Sickness(es) to You or Your Dependent(s) to which a third party(ies) may have caused or contributed. However, PHP may elect, in its sole discretion, to advance payments for medical expenses incurred for any Injury(ies) or Sickness(es) to You or Your Dependent(s) to which a third party(ies) may have caused or contributed.

- A. If You obtain a Recovery from a Recovery Source for a Sickness or Injury or other condition for which You have received Health Services, then We will not Cover such Health Services to the extent of such recovery.
- B. However, if We Covered such Health Services:
  - 1) You shall reimburse Us immediately from a collected Recovery for 100% of the Health Services We Covered without a reduction for:
    - (a) Your attorney fees; and
    - (b) other costs incurred in obtaining or collecting the Recovery; regardless of whether or not that collected amount fully compensates You.
  - 2) For a Recovery not yet collected, You grant to Us a first priority lien against such Recovery for 100% of the Health Services We Covered without a reduction for:
    - (a) Your attorney fees; and
    - (b) other costs incurred in obtaining and eventually collecting the Recovery; regardless of whether or not the Recovery fully compensates You. We may give notice of such lien to the Recovery Source.

You also assign to Us any benefits that You may have under any car insurance policy or other sources in order to enforce Our rights under this section.

- 3) We are subrogated to Your rights to seek a Recovery from a Recovery Source under any legal or equitable theory that You could assert against that Recovery Source. At Our option, We may bring a lawsuit against the Recovery Source in Your name or take, in Our sole discretion, such other necessary and appropriate action to preserve or enforce Our rights under this section.
- 4) You grant to Us a first priority lien against any Recovery We obtain under this section, whether or not You are fully compensated by the Recovery, to the extent of:
  - (a) 100% of the Covered Health Services; and
  - (b) Our reasonable costs, including attorney's fees, of pursuing and collecting the Recovery.

All Recoveries will be deemed as compensation for Covered Health Services regardless of how the Member or the Member's legal representative defines it.

We shall be responsible only for those legal fees and expenses relative to Your Recovery to which We agree in writing.

If the Sick or Injured Member is a minor, any Recovery shall be subject to this section to the extent permitted by applicable law, regardless of whether such Member's parent, trustee, guardian, or other representative has access to or control of the Recovery.

The Member agrees that acceptance of Covered Health Services is constructive notice of this section in its entirety and constitutes full consent to it.

### Your Full Cooperation Required

In order to protect Our rights under this section, You shall:

- A. hold any collected Recovery in trust for Our benefit;
- B. notify Us of a claim or suit against a Recovery Source within 30 days of the action and of a proposed settlement at least 30 days before it is entered. You shall not, without Our written approval, accept any settlement that does not fully compensate or reimburse Us. If you fail to notify Us in accordance with this section, We shall not be obligated to cover the Health Services that provide a basis for the

claim, suit or settlement.

- C. execute and deliver such documents as We may reasonably request including, but not limited to, documents to protect and perfect Our liens, to affect an assignment of benefits, and to release records;
- D. provide Us, or any party acting on Our behalf, any facts We need to subrogate the claim in a timely manner, but not more than one year after Our initial request for information or You will be responsible for any incurred claims;
- E. provide such other cooperation and information as We may reasonably request including, but not limited to, responding to requests for information about an accident, Sickness or Injuries and making court appearances; and
- F. not prejudice Our rights.

SAMPLE

## Who May File

You or Your Designated Representative may file:

- A. a Grievance;
- B. an Appeal; or
- C. a request for an External Appeal.

In each of these review processes, Your notice to Us is considered to be filed on the date We first receive it orally or in writing.

Neither You nor Your Designated Representative will be subject to retaliation from Us for exercising Your rights to any of the review processes described in this section. Also, We may not take any action against a Provider solely on the basis that the Provider represents You in any of the review processes described in this section.

## Grievance Procedure

A Grievance may be directed to Us orally or in writing at the address, toll free number, or e-mail address set forth below in Contact Us. In Your Grievance, You should express Your concerns in detail and provide copies of any supporting documents. We must receive Your request to initiate the Grievance process within 180 days from the date We provide You an initial notice of denial. We will acknowledge Your Grievance, orally or in writing, within three business days of Our receipt of it. We will maintain records reflecting any Grievance that We receive and will document any action taken.

We will conduct a thorough investigation of the facts of Your Grievance and make a decision regarding it. Other PHP employees or Providers may be consulted before the decision is made.

Our decision regarding Your Grievance must be made as soon as possible, but no later than:

- A. 15 days after the date Your Grievance was filed, for a Pre-service Grievance; and
- B. the earlier of 20 business days or 30 days after the date Your Grievance was filed, for a Post-service Grievance.

If We are not able to make a decision by the applicable deadline due to reasons beyond Our control, We will:

- A. notify You in writing of the reason for the delay before the applicable deadline; and
- B. notify You of Our written decision within the earlier of ten business days or 15 days.

If the delay in Our decision is because We need more information from You about Your claim, You will have 45 days from the date We send You Our notice to provide Us such information.

In that case, Our extended decision period will not begin to run again until:

- A. we receive such information from You; or
- B. the end of the 45-day period, whichever is earlier.

If You are not satisfied with Our decision regarding Your Grievance, You have the right to file an Appeal with Us as set forth elsewhere in the Group Contract.

## Content of Grievance Decision

Any notice of an adverse determination on Your Claim will:

- A. state the specific reason or reasons for denial of Your Grievance;
- B. reference the specific Certificate provisions on which the determination is based;
- C. describe the Certificate review procedures and applicable time limits (including a statement of Your right to bring a civil action under ERISA, if this Plan is governed by ERISA);
- D. disclose any internal rule, guideline, protocol, or other similar criterion that was relied upon in making the determination of Your Grievance (or tell You that the information will be provided free of charge); and
- E. explain, in a manner that applies the terms of the Certificate to Your medical circumstances, the scientific or clinical judgment for any determination that was based on medical necessity or the

experimental nature of a treatment (or tell You that the explanation will be provided free of charge).

### **Appeal Procedure**

If You are not satisfied with Our decision regarding Your Grievance, You have the right to submit an Appeal to Us within 180 days of Our decision regarding Your Grievance. The Appeal may be expressed orally or in writing. We will acknowledge Your Appeal, orally or in writing, within three business days of Our receipt of it. We will maintain records reflecting any Appeal that We receive and will document any action taken.

Our Appeal Committee (the Committee) will resolve the Appeal. The Committee shall be comprised of qualified individuals who were not involved in the initial Adverse Benefit Determination or resolution of the Grievance or involved in the matters giving rise to it. If the Appeal concerns health care procedures, treatments, or services that have been proposed, refused, or delivered, the Committee shall include one or more individuals who:

- A. have knowledge of the Health Services at issue;
- B. are in the same licensed profession as the Provider who proposed, refused or delivered the Health Service at issue; and
- C. do not have a direct business relationship with You or with the Provider who recommended the Health Service at issue.

You or Your Designated Representative may:

- A. appear in person before the Committee; or
- B. communicate with the Committee through other appropriate means, if unable to attend in person.

You will have access free of charge to copies of all relevant documents, records, and other information, as described by applicable U.S. Department of Labor regulations.

To support Your Appeal, You should submit to the Committee any written issues; arguments; comments; testimony; or other documented evidence. Sufficiently prior to the decision, You will also be provided any new or additional evidence and/or rationale considered, relied upon or generated in connection with the claim. You will be provided a reasonable period to review and respond to such new evidence or rationale. The Committee shall review all findings and pertinent documents, including any aspects of clinical care, whether or not We have considered them previously. The Committee will also avoid conflict of interest and ensure that the claim and Appeal decisions are decided in an impartial and independent manner.

The Committee will not afford any special deference to the original denial of Your Grievance. In no event shall Your claim that was previously denied under the terms of the Group Contract and upheld by an Appeals ruling be reconsidered by the Committee for review.

The Committee's decision regarding Your Appeal will be made as soon as possible and with regard to the clinical urgency of the Appeal, but not later than 15 days after the Appeal was filed. We will notify You in writing of the Committee's decision within five business days after it is decided.

### **Content of Decision on Appeal**

Any notice of an Adverse Benefit Determination on Your Appeal will:

- A. include the date of service, Provider (if applicable), claim amount, diagnosis code, treatment code and their meaning, the denial code and their meaning, a description of the standard (if any) that was used in denying the claim;
- B. state the specific reason or reasons for the determination;
- C. reference the specific Certificate provisions upon which the determination is based;
- D. state that You are entitled to access free of charge to all documents records and other information relevant to Your Appeal;
- E. describe Your right to bring a civil suit under federal law;
- F. disclose any internal rule, standard, guideline, protocol or similar criterion that was relied upon in making the adverse determination (or a statement that such information will be provided free of charge);
- G. explain the scientific or clinical judgment for a benefit determination that was based upon a medical necessity or experimental treatment, or other similar exclusion or limit by applying the terms of the

- Certificate to Your circumstances (or state that this explanation will be provided free of charge);
- H. state that You or Your Certificate may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact Your local U.S. Department of Labor Office and Your state insurance regulatory agency; and
  - I. include a discussion of the decision for the notice of Final Internal Adverse Benefit Determination.

### **Urgent Care Claim Procedure**

If Your claim was processed as an Urgent Care Claim and the claim is denied, You may make a request for an expedited review of the determination orally or in writing. All necessary information regarding the review may be transmitted by telephone, facsimile, or other available similarly expeditious method. You must be notified of the determination by any of the methods mentioned above as soon as possible, taking into account the medical urgency, but no later than 24 hours after Your request for review is received, unless You fail to provide sufficient information to determine whether, or to what extent, benefits are Covered or payable. You may be asked to explain the medical urgency that applies to Your request for review.

### **Concurrent Care Claim Procedure**

If We reduce or terminate a concurrent care plan or course of treatment (other than by amending the Certificate) before the end of the period of time or number of treatments, You will be notified sufficiently in advance of the reduction or termination to allow You to file a Grievance and Appeal of the decision before it becomes effective.

We will notify You of Our decision to extend a particular course of treatment within 24 hours of Our receipt of Your request if:

- A. the request is received within at least 24 hours prior to the expiration of the prescribed period of time or number of treatments; and
- B. failure to extend the time period or course of treatment could seriously jeopardize Your life, health, or ability to regain maximum function; or
- C. failure to extend the time period or course of treatment, in the opinion of a physician with knowledge of Your medical condition, would subject You to severe pain that cannot otherwise be adequately managed.

### **External Appeal**

If an Appeal or Urgent Care Claim decision upholds Our decision that was adverse to You regarding:

- A. a Medically Necessary service;
- B. a utilization review determination;
- C. the experimental or investigational nature of a Health Service; or
- D. the rescission of the Group Contract;

then You have the right to voluntarily request one External Appeal. If Your Appeal or Urgent Care Claim did not involve one of these three areas, You are not entitled to an External Appeal. Also, if You are a Medicare recipient and have a right to an external review under Medicare (42 U.S.C. 1395 *et seq.*, as amended from time to time), there is no right to request an External Appeal.

If Your situation qualifies, You must file a written request for an External Appeal with Us within 120 days after You receive notice of the Appeal or Urgent Care Claim decision.

You are required to cooperate with the IRO by providing or authorizing the release of any necessary medical information that We have not already provided. At all times during the External Appeal process, You are permitted to submit any relevant information to the IRO.

The External Appeal process will be suspended if the information You provide during the External Appeal:

- A. is relevant; and
- B. was not previously reviewed by Us during the Grievance, Appeal, or Urgent Care Claim stages.

We will reconsider the new information You presented to Us and notify You of Our decision within:

- A. 15 business days after the new information is provided to Us for an Appeal; or

B. 72 hours after the new information is provided to Us for an Urgent Care Claim.

If We uphold the Appeal or Urgent Care Claim decision, You may request that the External Appeal resume.

The IRO must make its determination of Your External Appeal within 15 business days after Your External Appeal request was filed and must notify You of its determination within 72 hours after making it.

If Your External Appeal involves a Sickness, disease, condition, Injury or disability that would seriously jeopardize Your life or health or ability to reach and maintain maximum function, the IRO must make its determination and notify You of such determination within 72 hours after the external grievance is filed.

Upon Your request, the IRO shall provide You all information reasonably necessary to enable You to understand:

- A. the effect of the determination on You; and
- B. the manner in which We may be expected to respond to the determination.

The IRO's decision in an External Appeal is binding on Us, but You may have other legal remedies.

## Indiana Medical Malpractice Act

The review procedures described in this section do not govern any issue covered in whole or in part by the Indiana Medical Malpractice Act. All such claims must be brought in accordance with applicable Indiana law.

### Conditions for Termination of All PHP's Group Coverage

As long as We act uniformly without regard to the claims experience of any Enrolling Group or any health factor of any Member or potential Member under a PHP group contract, We may, at Our discretion, terminate the Group Contract if:

- A. We want to stop offering the type of Coverage provided by the Group Contract to Small or large Employer groups (whichever size applies to the Enrolling Group) in this state; or
- B. We want to stop offering all contracts to Small or large Employer groups (whichever size applies to the Enrolling Group) in this state.

If We propose to terminate the Group Contract because of A., We will give the Enrolling Group and You at least 90 days written notice of termination. If We propose to terminate the Group Contract because of B., We will give the Enrolling Group and You at least 180 days written notice of termination.

### Conditions for Termination of a Member's Coverage Under the Group Contract

A Member's Coverage shall automatically end on the earliest of the dates set forth below.

- A. The date the whole Group Contract ends. The Enrolling Group is responsible for notifying You of the ending of the Group Contract.
- B. When the Subscriber is no longer an employee of the Enrolling Group.
- C. The last day for which the Subscriber's contribution toward the Premium has been paid, if the Subscriber is required to contribute.
- D. The date stated in Our written notice to a Member that all Coverage under the Group Contract ended or will end for that Member because the Member misrepresented material information such as:
  - 1) information relating to another person's eligibility for Coverage or status as a Dependent; or
  - 2) information relating to a Subscriber's or Dependent's utilization of, or attempts to utilize, Health Services.
- E. The date stated in Our written notice to a Member that all Coverage under the Group Contract ended or will end for that Member because the Member:
  - 1) permitted the use of their I.D. card by any unauthorized person;
  - 2) used another person's card; or
  - 3) committed any other act of fraud under the Group Contract.
- F. The date Your residence or employment is no longer in the Service Area. The Enrolling Group or Subscriber must notify Us within 60 days of the move. Coverage will end on the date of such move, even if such notice is not provided to Us.
- G. The date the Enrolling Group receives written notice from the Subscriber requesting termination of Coverage or the date requested by the Subscriber in such notice, if later.
- H. The date the Subscriber is retired or pensioned, unless retired or pensioned persons are listed as a Covered class on the Enrolling Group's application.
- I. The date specified by Us, after at least 31 days prior written notice to the Subscriber that all Coverage under the Group Contract will end. This notice may be issued if a Member fails to:
  - 1) follow a prescribed course of treatment;
  - 2) cooperate with Us in Our administration of the Coordination of Benefits section of the Group Contract; or
  - 3) furnish Us with information needed to comply with governmental mandatory reporting requirements.
- J. The date specified in a written notice from the Enrolling Group on which the Member ceases to be eligible for Coverage if:
  - 1) We receive such notice within 60 days of the date specified in the notice; and
  - 2) no paid claims have been incurred on behalf of the Subscriber or any Enrolled Dependents between the date specified in the notice and the date for which We receive the notice.
- K. When the Subscriber no longer meets the definition of Actively at Work as set forth later in this Certificate.
- L. The date an individual ceases to be an Eligible Person or a Dependent.

In any event, an Enrolled Dependent's Coverage shall end on the date the Subscriber's Coverage ends.

If any Member misrepresented or knowingly provided PHP with false material information relating to a

Subscriber's or any Dependent's health status, PHP reserves the right to retroactively modify, to the appropriate date, the schedule of rates for Premium to incorporate the proper information as set forth in the Group Contract.

Our notice to the Subscriber shall be deemed as:

- A. notice to the Subscriber's Enrolled Dependents;
- B. sufficient if mailed to the Subscriber's address as it appears in Our records; and
- C. delivered when deposited in the United States mail with first class postage prepaid.

Health Services rendered after the date of termination are not Covered, even if the medical condition arose before Coverage ended. The Subscriber shall reimburse PHP for any payment We made for Health Services provided to the Subscriber or to an Enrolled Dependent when such person was not Covered. Termination of the Group Contract shall not prejudice any claim for Health Services that were rendered before the Contract ended.

Under certain circumstances, You may be eligible to continue Coverage or You may be entitled to conversion Coverage.

### **Special Rules for Military Service**

A Subscriber whose employment ends due to military service may have certain rights to Coverage. Such will be entitled to Coverage as required by the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended from time to time. Contact the Enrolling Group to determine Your rights.

### **Special Rules Under the Family and Medical Leave Act**

Special rules apply if the Enrolling Group is subject to the Family and Medical Leave Act of 1993, as amended (the Act). Contact the Enrolling Group to determine Your rights.

A Subscriber will be deemed to be Actively at Work if he or she is on a leave under the Act. Coverage under the Group Contract will not end while Subscriber is on a leave under the Act provided all required Premium is paid during the leave.

A reduction in hours caused by a leave under the Act is not a qualifying event that gives rise to a right to choose COBRA continuation Coverage. This is because such a leave does not result in a loss of Coverage.

Coverage will again become effective as of the date the Subscriber returns to work if:

- A. Coverage ends during a leave under the Act; and
- B. the Subscriber returns to work after the leave.

### **Reinstatement**

Unless You have been terminated for reasons stated in D. and/or E. above, Your terminated Coverage may be reinstated:

- A. if the Enrolling Group pays any outstanding Premium, including the current Contract Month's Premium, in full to Us within 60 days of termination; and
- B. if You have not exercised this reinstatement right during the preceding 12 months.

### Extended Coverage for Disabled Children

Coverage for an Enrolled Dependent may continue beyond the limiting age if:

- A. at the time of the limiting age, the Enrolled Dependent is incapable of self-sustaining employment due to intellectual disability, Behavioral Health and Mental Health disabilities or physical disabilities;
- B. the Enrolled Dependent is primarily dependent upon the Subscriber for support and maintenance; and
- C. proof of such incapacity and dependency is furnished to Us by a Par Provider within 120 days of reaching the limiting age.

This extended Coverage will continue so long as the Enrolled Dependent remains so incapacitated and dependent, unless Coverage is otherwise ended by the terms of the Group Contract.

We may require proof from a Par Provider that is satisfactory to Us of the Enrolled Dependent's continued incapacity and dependency.

### Continued Inpatient Hospital Benefits

We will continue inpatient Hospital benefits if:

- A. We terminate the Group Contract; and
- B. You are Confined for a medical or surgical condition on the date the Group Contract ends.

Such continued benefits shall end on the earliest of the dates specified below:

- A. the date You are discharged from the Hospital.
- B. the date You are covered under another coverage plan if that plan covers inpatient medical or surgical benefits.
- C. sixty days after the date the Group Contract ends.
- D. the date specified in writing by the Enrolling Group. Such date shall be at least 15 days after the date written notice of termination is:
  - 1) placed in the United States mail; or
  - 2) sent by facsimile transmission.
- E. the last day the required Contract Charge has been paid, if the grace period expires and the Enrolling Group has not made the required payment.
- F. the date We specify, if You knowingly provide false information to Us.
- G. the date We specify, if You fail to comply with the Group Contract's requirements.
- H. the last day the required Premium has been paid, if the grace period expires and the Subscriber has not made the required payment.
- I. the date the Subscriber terminates Coverage for the Subscriber and any Enrolled Dependents.

This section does not apply if the Group Contract ends due to the receivership of PHP.

### Continuation Coverage Under COBRA

The following is only a summary of COBRA and how it may apply to You. The Enrolling Group is responsible for providing You with complete information about COBRA. COBRA Coverage shall apply only if the Enrolling Group is subject to COBRA. Contact the Enrolling Group's plan administrator to determine if You are entitled to COBRA.

If You have been receiving COBRA Coverage under Your Enrolling Group's prior plan, Your COBRA Coverage may continue under the Group Contract until the earlier of:

- A. the date it would have ended under the prior plan; or
- B. the date it would end in accordance with the events in Termination Events for COBRA.

We are not required to provide You with COBRA Coverage if the Enrolling Group or its plan administrator fails to perform its responsibilities under federal law. These responsibilities include, but are not limited to:

- A. timely notifying You of the right to elect COBRA; and
- B. timely notifying Us of Your COBRA election.

***PHP is not the Enrolling Group's designated plan administrator. We do not assume the Enrolling***

**Group's COBRA responsibilities under federal law.****Qualifying Events for COBRA**

You are entitled to COBRA Coverage if Your regular Coverage ended due to one of the following:

- A. termination of the Subscriber from employment (other than for gross misconduct), or reduction of the Subscriber's work hours;
- B. death of the Subscriber;
- C. divorce or legal separation of the Subscriber;
- D. loss of eligibility by a child who is an Enrolled Dependent;
- E. entitlement of the Subscriber to Medicare benefits;
- F. the bankruptcy filing by the Enrolling Group under Title XI of the United States Code:
  - 1) with respect to a retired Subscriber and his or her Enrolled Dependents; and
  - 2) if there is a substantial elimination of Coverage within one year before or after the date the bankruptcy was filed.

Unless otherwise indicated in the Enrolling Group's application, the COBRA Coverage period begins to run from the date of the qualifying event, even if the loss of regular Coverage occurs some time later.

**Notification Requirements and Election Period for COBRA**

You must notify the Enrolling Group's plan administrator within 60 days of:

- A. a divorce;
- B. a legal separation; or
- C. the loss of eligibility as an Enrolled Dependent.

You have 60 days to elect COBRA Coverage. The 60 day period ends the later of:

- A. 60 days after the qualifying event; or
- B. 60 days after You receive notice from the plan administrator of Your right to elect COBRA.

Your failure to timely notify the Enrolling Group's plan administrator will eliminate the right to elect COBRA Coverage.

You must pay the initial COBRA Premium to the plan administrator within 45 days after electing COBRA. Coverage will be retroactively reinstated when We receive notice from the Enrolling Group that payment has been received.

COBRA Coverage will be the same as the regular Coverage You were receiving at the time of the qualifying event. You cannot reduce or change Your COBRA Coverage unless similarly situated active employees of the Enrolling Group have the opportunity to do so.

**Termination Events for COBRA**

COBRA Coverage will end on the earliest of the following dates.

- A. 18 months from the termination of the Subscriber from employment (other than for gross misconduct), or reduction of the Subscriber's work hours.
- B. 36 months from the date of the qualifying event for an Enrolled Dependent whose regular Coverage ended because of:
  - 1) the death of the Subscriber;
  - 2) divorce or legal separation;
  - 3) the loss of eligibility by an Enrolled Dependent who is a child; or
  - 4) the entitlement of the Subscriber to Medicare benefits.
- C. The date You fail to pay the COBRA Premium. COBRA Premium is due:
  - 1) 45 days from the date You elect COBRA Coverage;
  - 2) the first day of each month thereafter with a 31 day grace period.
- D. The date You become covered, after the date You elect COBRA, under any other group health plan. If the other group health plan contains pre-existing limitations or exclusions, Your COBRA Coverage shall end on the date such limitations or exclusions end. The other group health plan shall be primary for all Health Services except those that are subject to the pre-existing limitations or exclusions.

- E. The date the Member becomes entitled to Medicare after electing COBRA Coverage. This provision shall not apply if the Member's regular Coverage ended because of bankruptcy filing of the Enrolling Group.
- F. The date the entire Group Contract ends. If a new group health plan is offered, You may have COBRA rights under that plan.
- G. The date COBRA Coverage would otherwise end under the Group Contract.

### Extended COBRA

COBRA Coverage may be extended as described below.

- A. If a second qualifying event occurs less than 18 months after the termination of the Subscriber from employment (other than for gross misconduct), or reduction of the Subscriber's work hours, COBRA Coverage may be extended for an Enrolled Dependent up to 36 months after the date of the first qualifying event.

The following events are not considered a second qualifying event:

- 1) entitlement of the Subscriber to Medicare benefits, unless it would have caused a loss in regular Coverage, had the first qualifying event not occurred; and
- 2) bankruptcy filing of the Enrolling Group as set forth in Qualifying Events for COBRA.
- B. COBRA Coverage may be extended up to 29 months if a Member:
  - 1) is determined by the Social Security Administration to be disabled prior to or within 60 days from the qualifying event; and
  - 2) notifies the Enrolling Group within the first 18 months of COBRA Coverage and within 60 days from the latest of:
    - (a) the date of disability determination;
    - (b) the date of the qualifying event;
    - (c) the date COBRA is lost; or
    - (d) the date You were informed by the Enrolling Group of Your obligation to notify them.

You must provide notice to the Enrolling Group within 30 days from the date it is determined that You are no longer disabled. The extension will end on the first day of the month that is more than 30 days after the date it is determined that You are no longer disabled.

- C. If a Subscriber:
  - 1) becomes entitled to Medicare; and
  - 2) later experiences termination of employment (other than for gross misconduct), or reduction of work hours;
 COBRA Coverage for an Enrolled Dependent will be the longer of:
  - 1) 36 months after the date the Subscriber became entitled to Medicare; or
  - 2) 18 months from the date the Subscriber's employment is terminated (other than for gross misconduct), or reduction of work hours.

### Conversion Contract

You may be eligible to apply for and receive coverage under a conversion contract from Us.

- A. You may apply to Us for a conversion contract if:
  - 1) the Group Contract is issued to a Small Employer;
  - 2) You have been continuously Covered under a health insurance plan for at least 90 days prior to the end of Your Coverage;
  - 3) Coverage under the Group Contract ends because of:
    - (a) termination of the Subscriber's employment;
    - (b) a reduction in the Subscriber's work hours;
    - (c) dissolution of marriage; or
    - (d) attainment of any age specified in the Group Contract;
  - 4) You are not eligible for continuation coverage under COBRA.
- B. If You qualify for a conversion contract, You must, within 30 days after Your Coverage under the Group Contract ends:
  - 1) apply to Us for a conversion contract; and
  - 2) pay the initial premium for the conversion contract.

No evidence of insurability is required.

We will issue a conversion contract in accordance with the terms and conditions in effect at the time of application. The coverage under the conversion contract may be substantially different from the Coverage provided under the Group Contract.

SAMPLE

### Entire Group Contract

The Group Contract, the Certificate, the application of the Enrolling Group, attachments, the Appendix, and any Amendments make up the entire Contract of Coverage between You and Us.

All statements made by the Enrolling Group or by a Subscriber shall, in the absence of fraud, be deemed representations and not warranties. No such statement shall void or reduce Coverage under the Contract or be used in defense of a legal action unless it is contained in a written application or Enrollment Form.

### Limitation of Action

Requests for reimbursement are subject to the provisions of the Contract. Otherwise, no legal proceeding or action may be brought to recover on the Contract prior to full and complete compliance with the procedures set forth in the Grievances section of the Contract. Also, no such proceeding or action may be brought unless brought within three years from the date the cause of action first arose.

The Member's damages shall be limited to recovery of actual benefits due under the terms of the Contract. The Member waives any right to recover any additional amounts or damages including, but not limited to, punitive and/or exemplary damages.

### Time Limit on Certain Defenses

No misstatement, except a fraudulent misstatement made by the Enrolling Group in the written application or the Subscriber in the Enrollment Form, shall be used to void the Contract after it has been in force for a period of two years.

### Amendments and Alterations

No change will be made to the Contract unless made by an Amendment signed by an executive officer of PHP. Amendments to the Contract are effective as specified in the Amendment.

No agent has authority to change the Contract or to waive any of its provisions. No person has authority to make oral changes to the Contract.

### Relationship Between Parties

The relationships between PHP and Par Providers are **solely** contractual relationships between a payor (PHP) and independent contractors (Par Providers). The pharmacy or Mail Order Drug Provider, as the case may be, is **solely** responsible for the pharmacy services provided to any Member. Likewise, PHP is an independent contractor providing Coverage for Health Services to Enrolling Groups on a contractual basis. Non-Par Providers have no contractual relationship with PHP, nor are they independent contractors of PHP.

Neither the Providers nor the Enrolling Groups are considered agents or employees of PHP. We and Our employees are not employees or agents of Providers or the Enrolling Group.

The relationship between a Provider and any Member is that of Provider and patient. The Provider is **solely** responsible for the services provided to any Member. We are not responsible for the health services or other care of any kind You receive from Providers or any other persons or entities. The Contract does not give you or any other person any right, claim or cause of action of any kind against Us based on the actions or omissions of any Provider, entity or other person of health care, services or supplies.

The relationship between the Enrolling Group and any Member is that of employer and employee, Enrolled Dependent, or other Coverage classification as defined in the Contract.

The Enrolling Group is **solely** responsible for:

- A. determining enrollment and Coverage classification changes;
- B. termination of Members' Coverage; and
- C. paying the Contract Charge to Us on time.

**Limitations on Selection of Par Providers for In-Network Benefits**

If We determine that You are using Health Services of Par Providers, including pharmacy services, in a harmful or abusive quantity, manner or frequency, We may limit Your selection of Par Providers or Par Pharmacies for In-Network Benefits Coverage. In this case, You may be required to select a single Par Doctor and a single Par Hospital with which that Par Doctor is affiliated for all future Health Services Covered as In-Network Benefits. All Health Services, including pharmacy services, following this selection or appointment of a single Par Doctor or Par Pharmacy must be provided by that Par Doctor (or through his or her written Referral) or that Par Pharmacy for Coverage under In-Network Benefits. If You have a medical condition that requires or could benefit from special services, We may require that You receive Health Services through a single Par Provider for In-Network Benefits Coverage.

### **Right of Recovery**

If We pay for any reason, including due to a typographical or administrative error by the Enrolling Group or Us, for Health Services or benefits that, according to the terms of the Contract, should not have been paid, we reserve the right to recover such amounts from the Member, the Provider to whom they have been paid, or any other appropriate party.
